

TOWN OF WENTWORTH NEW HAMPSHIRE  
OFFICE OF THE SELECTMEN  
Selectmen's Working Meeting  
of April 03, 2018

Present: Douglas Campbell, Raymond Youngs, Peter Santom and Arlene Patten

Also Present: Janice Thompson, Kay Bailey, Francis Muzzey, Palmer Koelb

Doug motioned to open the meeting at 6:09 pm, seconded by Ray and approved.

Selectmen reviewed:

- Ms. Kay Bailey's letter to NH DOT
- Trustees of The Trust Funds application for payment
- Health Officer – Rebecca Bordonaro's Letter of credentials to The Select Board

Select Chairman Doug, mentioned he received a call over the weekend from Ms. Janice Thompson of some concerns she has. He recommended that this be discussed at the meeting on tonight.

Ms. Thompson shared her many apprehensions about the water runoff and the new development going in on the corner of Rt. 25 & 25A. She was told by the Selectmen of a letter that states the NHDOT does not do independent water studies, and now she will consider having to do this herself. She spoke of many interactions trying to get some support and assistance but has only felt frustration.

Ms. Bailey spoke about her views and understandings of how this project will impact her and the Pond Brook area. She claimed that this is the first time, in a long time she hasn't had a problem or any destruction with water runoff and believes it's because the culverts are full of rocks and debris. Ms. Bailey chortled, "leave it alone, it will be fine".

Francis believes the Town has vested interest in this project. Selectman Ray read the letter received by the NHDOT to the audience. When questioned about the culverts, Chairman Doug mentioned that he and Glenn did a quick glimpse of the culvert, which crosses under 25A, but that's it.

Mr. Muzzey mentioned he heard a rumor in town that Gove's Lane was going to be paved this year. He wanted the Town to be aware that if paving was going to take place, there was a couple of clearance issues that needed to be addressed. Chairman Doug will be having a discussion with the Road Agent before any paving is done.

Ms. Thompson questioned if the FEMA monies have been refunded, and the answer is no. The Admin. Assistant recently met with the FEMA representative who assessed the area and the paperwork for the July has been sent. We should be hearing something in the upcoming months.

The Parks, Riverside and Hamilton are a mess and that will be discussed as soon as nicer weather gets here. FEMA will be assisting with the reimbursement on that cleanup.

Mr. Muzzey spoke of the Warren/Wentworth Ambulance Service and thinks he is not a good candidate as a Board of Director Representative for the Town of Wentworth. He would like to have the position go to another candidate from the Town. The Town of Warren has 3 reps and the Town of Wentworth has 2 reps, with him being one of them. Mr. Muzzey agreed he would stay on the

Board until there was someone from the Wentworth Area who would be interested. He also asked the Admin. Assistant for a copy of the Attorney's Letter from previous litigation with the service.

Addendum to meeting minutes of Jan 02, 2018 per the request for correction by Ms. Kay Bailey. Her said corrections: "This is the correction to the January 2, 2018 Selectmen's Meeting Minutes. On page 3, line 8 the word lawyer needs to be replaced with the word Accountant. In paragraph 2, on page 3 it should read, Kay Bailey requested and was granted permission to be a part of the phone call to Terry Knowles". Signed, Kay T. Bailey

Present: Doug Campbell, Peter Santom, Arlene Patten and Deb Vlk

Also Present: Glenn Campbell, Janice Thompson, Kay Bailey, Police Chief Walter Trott, Fire Chief Jeff Ames, George Morrill, James & Beth Folson, Rebecca Bordonaro

Pete opened the meeting at 6:07 pm, seconded by Doug and approved.

Chief Trott stated that the police department had the following activity since the last meeting: report of suspicious activity from a resident, conducted a successful lock down drill at the Wentworth Elementary School, 2 calls to assist the Warren-Wentworth ambulance, landlord/tenant issue & referred to proper agencies for follow up, two arrests-bench warrant & operating after suspension, attended three training session-IEA Process and Updates, Proper Response to Sexual Assaults & Protocol and LAP (Lethality Assessment Program) Training & Updates (Note-trainings were at no cost to the town & yearly training is mandated).

Chief Trott stated that he will not be at the meeting of April 17<sup>th</sup>, but Todd Eck will be here to cover the office.

Pete asked if Pine Haven Campground had been called in reference to the race track requesting to extend their hour to 10:30pm. Arlene has spoken to them and at first did not want this, but have changed their minds.

Arlene stated that she will be on vacation and will be back April 23<sup>rd</sup>. Deb Vlk will in the office during this time. Inventory forms are coming back from home owners at a fast rate. Arlene stated that there will be a meeting next Tue, April 17<sup>th</sup>.

Glenn stated that the old ramp at the transfer station needs to be removed and several citizens are interested in obtaining it. Pete suggested a sealed bid be put out on the website with a \$700 minimum bid, removal will be up to the owner, bid will be closed May 22<sup>nd</sup>. Glen stated that bottles and cans are building up rapidly, should we haul them to VT or sell them as scarp? Much discussion ensued as to the benefit to hauling to VT which there isn't much return in the cost to haul them over and there are also penalties involved. It was decided that plastics will go into the regular compactor and that there is a can crusher on site that will be used and put into the metal recycling area. Glenn stated that a number of residents have offered donations for

the compactor and wanted to know how to collect and record the donations. Donations can be taken by Glenn with a return receipt to the donor and then given to the Arlene to be recorded. Deb Vlk stated that she can set up a specific income account within Quickbooks that the money can be accumulated in. Glenn asked if it could be named Compact Bailer and Deb Vlk said it can. Glenn stated that he will need a burn permit as brush needs to be burned and days to do this will either be a Monday or Thursday. Chief Ames stated that this will have to be a commercial permit which is required from the State.

Glenn had questioned for the Board in relation to the Conservation Commission. What lands do the commission oversee, and BOS stated it is the three town forests. Does the commission oversee the parks, and the BOS stated it does not. Glenn also wants copies of the oath statements for the commission members which can be obtained through the Town Clerk's office. This Sat the newly appointed Conservation Commission will be walking the perimeter of the town forest. Doug Campbell will be joining the group.

Glenn wanted to know if the paperwork for the historic status for the town hall been approved by Andrew. It was still being worked on. Volunteers would like to begin cleaning out the building and safety concerns were raised. Chief Ames stated that the fire department has inspected the electrical but has no say into the structural aspect. John DeSorbo has offered his assistance in the structural appraisal and will be meeting with Glenn soon. Once this report from Mr. DeSorbo is presented to the board and reviewed before permitting the clean-up crew to begin. Arlene stated that the building has property liability.

Pete asked about the request from the road agent and staff attending a demonstration show on May 24<sup>th</sup>. Arlene stated that they attended last year along with Chris Bassingwaite. Pete would like the road agent to do a write up on the benefits that they might acquire from this show before the board will approve the request.

Selectmen reviewed an e-mail from Nancy Mayville, NHDOT, concerning one past bridge project and one possible bridge project. The past bridge project, Dufour bridge-2014, still had not been closed because of a payment still waiting for submission, which was never sent. The Selectmen asked that an invoice be submitted for the final payment. The next project, which concerns Frescoln bridge, asked if the Town is still interested in State Aid for replacement of this bridge. Since the 2017 floods, repair work done to recover and repair culverts by our road agent, it was likely that we would need the State aid. Selectmen asked that we schedule an inspection of the bridge to satisfy both parties if it will need to be replaced.

Rebecca Bordonaro, who is the Health Officer for Rumney, was invited to speak at the meeting. Since Wentworth has no health officer, Rebecca was called to help on a tenant/landlord issue here in town recently and was asked if she would be interested in fulfilling the position in Wentworth. Rebecca outlined her qualifications of attending State classes to be certified in this

field. Besides tenant/landlord issues, she also does school, day care, adoptive homes, elderly inspections etc. She stated that she will be needing a Deputy Health Officer and would be willing to train a Wentworth resident interested for this position. She had two proposals for the Board to consider for this position – 1) A \$200 yearly retainer with \$50 for each incident request – 2) A yearly fee of \$600 with no additional incident fee request. Pete made a motion to accept Rebecca Bondonaro as Wentworth’s Health Officer with the \$600 yearly fee. 2<sup>nd</sup> by Doug and approved.

George Morrill stated that the Planning Board has had a Selectmen as an Ex-Officio member. Doug Campbell accepted this position. Pete made a motion to accept Doug Campbell as an Ex-Officio member of the Planning Board. 2<sup>nd</sup> by Doug and approved.

George Morrill stated that Pine Haven Campground will be placing a mobile home on 2 seasonal sites for family. He asked if this new home will need a 911 address and also need to be subdivided. It was suggested that possibly it would have to be subdivided but needed further information to be clarified.

George Morrill stated that the Trustees of the Trust Fund have a meeting April 16<sup>th</sup> at 5PM.

George Morrill stated that he will need a key to the old Town Hall for the Conservation Committee to meet there on Sat. Deb Vlk stated that she would provide the key.

Doug stated that he would like the Planning Board to review and reestablish the Master Plan for Wentworth, as it hasn’t been updated since 1985.
