

TOWN OF WENTWORTH NEW HAMPSHIRE  
OFFICE OF THE SELECTMEN  
Meeting Minutes  
February 5, 2019

Selectmen Present: Morgan Currier, Steve Davis, Ray Youngs  
Temporary Admin Assistant: Austin Albro

Budget Meeting called to order: 5:25 PM      Meeting Closed 6:09 PM

Went over the proposed 2019 budget line by line and found three key changes that need to be made, and a final Budget Meeting called to order February 12<sup>th</sup> at 5:00 PM. By line item they are:

- 4130.07 Health Officer should be \$1,000 instead of \$450 because of a full year of work
- 4191 Planning Board should be \$3,000 instead of \$1,500 for Master Plan expenses.
- 4312.09G State Block Grant will be removed as an expense and reflected as a planning income.

Selectmen Working Meeting called to order: 6:10 PM      The Meeting adjourned: 7:45 PM

- Jim Folsom has to be out of Town February 9<sup>th</sup> and 10<sup>th</sup> for a family issue, and cannot attend the transfer station. Steve Davis and Francis Muzzey agreed to volunteer to fill in any hours Randy Ruger cannot serve.
- Town Hall front door lock is failing. Palmer Koelb will try his key to see if it works.
- The open Road Agent position is posted on the Town web-site and will be published in local papers in the coming weeks.
- Selectman Currier announced that the FEMA grant is almost finalized and should be done soon.
- The remaining grant for FEMA reimbursement for administrative assistant work at 5% was discussed. The refund would be less than \$150.00 and the effort to compile the data large. The Board unanimously voted to not apply for this grant.
- ShadowSoft, a data aggregation company, asked for a spreadsheet for all property assessments in Wentworth. After discussion, the Board decided that we presently do not have the resources to complete this request. It was also pointed out that this public data is available on the Town web-site which ShadowSoft can access: albeit in a less convenient way.
- Travis Heath requested a letter stating the Town approves the placement of a Mobile Home on Cross Road. The Board will reply with the following stipulations:
  - Need suggested wording to use on the requested approval letter to full understand the request.
  - Need proof that the landowner approves the placement of the mobile home and that it has an approved sanitary waste disposal system.
- A resident of Cheever Road stopped by to discuss the flash freezing this morning, February 5<sup>th</sup> and to ask if the Town would improve the road. The Road Agent explained the flash freezing happened all over the Pemi-Baker area, and that all the bus routes were sanded and salted before school time. After that, Cheever Road and other non-bus roads are attended to. Selectman Davis said that there were no funds in the 2019 Budget to improve Cheever, but would like the residents of that road begin discussions with the Selectmen about opportunities.

Approved 2/19/2019
